

# Right Start® UDL

## Underlayment

Right Start® UDL is made with our patented **NEX® Polymer Modified (SBS Rubberized) Asphalt**, an innovative technology that infuses rubber and plastic polymers to strengthen the asphalt core of the underlayment for vastly superior all-weather resilience and aging longevity.

**Right Start® UDL is also sustainable.** Upcycled polymers from used tires and plastic bags improve durability and aging resistance, while helping reduce landfill waste. *Sustainability without sacrificing performance.*

### ❖ NEX® RUBBERIZED ASPHALT

Asphalt core of underlayment is rubberized with virgin synthetic rubber polymers (SBS) to enhance strength, flexibility, and aging resistance. Performing in all weather conditions for over 25 years.

### ❖ UPCYCLED RUBBER & PLASTIC

Polymers from recycled rubber and plastic improve underlayment durability while diverting used tires and plastic bags from the landfill.

### FIBERGLASS MAT

Provides structural reinforcement and tear strength.

**WITHSTANDS WEIGHT AND WEAR**  
Ideal for heavier or more labor-intensive asphalt and tile roof installations.

### INCREASED WALKABILITY

Underlayment is constructed with a mineral surface for improved walkability and safety vs. traditional roofing felts.

## INSTALLED SECOND

When installing a complete 5-component system, underlayment is installed second, after the ice & water barrier, and prior to the starter shingles.

## EFFECTIVE DRY-IN SHEET

High performance steep slope water-resistant protection underneath asphalt shingles, wood shakes, and concrete or clay roofing tiles.

Right Start® UDL is mechanically fastened to the roof deck, and carries a UL Class A Fire Rating when installed with a fire-rated roof covering.

❖ Malarkey Industry Firsts

**Test Compliance** – ASTM D4601 Type II, ASTM D4869, ASTM D226 Type II, ASTM D6757 Type II, ASTM E108 Class A Fire Rating, ICC Approval – ESR-1561, and FBC Approvals – #14807 and #15214.

Right Start® UDL is eligible for expanded warranty coverages relative to its use as a single roofing accessory or in combination with others in a complete Malarkey roofing system. Installed separately, it carries a 10-year product warranty against manufacturing defects. For complete warranty information, please visit [www.malarkeyroofing.com/warranties](http://www.malarkeyroofing.com/warranties).

This version supersedes all previous versions. Rev. 04/25
